Must Be Installed BEFORE 01/22/2012

**New Postage Rates  
Included!**

Dear Valued Client,

Enclosed you will find the JANUARY 2012 PER/SORT update.

**The JANUARY 2012 PER/SORT update must be installed before preparing any mailing with a mail date of January 22, 2012 or later.**

The enclosed JANUARY PER/SORT update is capable of producing both the current (prior to January 22, 2012) and the new (effective January 22, 2012) Postage Statements and mail documentation. The documents produced (current or new) are determined by the mail date assigned to the mailing being processed. Therefore, there is no need to delay installing this update.

## **Changes to be expected as a result of the latest USPS Rate Case:**

- **New Postage Statements** – All Postage Statements have been revised to some degree. Remember, for actual mailings, only the pages needed are output by PER/SORT.
- **New Postage Rates** – There are new postage rates for most classes and categories of mail.
